Risks of the activity

Bungee jumping carries real risks, even with trained staff and good equipment. They include:

- Whiplash and neck or back injury from the rebound
- Eye injury from pressure changes
- Rope burns and bruising from the harness

- Equipment failure, which is rare but can be fatal

Rules

1. Your weight is checked and written on your hand before the jump.
2. Remove glasses, jewellery and loose items from pockets.
3. Do not jump after alcohol or drugs; you will be breath-tested if staff are unsure.
4. Once harnessed, follow only the jump master's commands.

☐ I will follow them and any instruction from the staff. Staff may stop me from taking part if a rule is broken.

Assumption of risk and release

- I take part voluntarily and accept the risks described above, as well as risks that cannot be foreseen.
- To the extent the law allows, I release the bungee operator, its staff and volunteers from claims for injury, illness, loss or damage arising from my participation, except claims caused by their gross negligence or wilful misconduct.
- I will compensate the organiser for loss caused by my own breach of the rules or deliberate damage to equipment or property.
- In an emergency, the staff may arrange first aid, transport and medical treatment for me. I will pay the reasonable costs that insurance does not cover.
- Nothing in this release limits any liability that cannot be excluded under Indian law, including the Consumer Protection Act, 2019.

Initials _____

☐ The organiser may use photos or videos of me taken during the activity in its own social media and promotion.
