BEHAVIOUR NOTES (BITING, ANXIETY, DISLIKES)

Grooming can be stressful for some pets. The groomer may stop if the pet becomes too distressed and will call you.

## Terms

1. Heavily matted coats may need a short shave-down, which can show skin redness or irritation underneath. Mats are not brushed out where that would hurt the pet.
2. Nail trimming can occasionally nick the quick; we stop bleeding at once.
3. Senior pets or pets with health conditions are groomed at the owner's risk; tell us about any condition.
4. If the pet is found to have fleas or ticks, a treatment bath is added at the listed price.
5. If the pet needs a vet during grooming, we will contact you and take it to the nearest vet at your cost.

- [ ] The groomer may muzzle the pet if needed for everyone's safety.
- [ ] I am the owner, or am authorised by the owner, and the information above is true.
