Risks of the activity

Scuba diving carries real risks, even with trained staff and good equipment. They include:

- Decompression sickness and lung over-expansion injury

- Ear and sinus barotrauma
- Running out of air or equipment failure
- Contact with coral, jellyfish and other marine life
- Strong currents and boat traffic

Rules

1. Never hold your breath while breathing compressed air.
2. Stay with your buddy and instructor; ascend slowly.
3. Do not touch or take coral or marine life.
4. No flying within 18 hours after diving.
5. No alcohol before diving.

☐ I will follow them and any instruction from the staff. Staff may stop me from taking part if a rule is broken.

If you answered "Yes" to any health question, a doctor must clear you for diving before you enter the water.

Assumption of risk and release

- I take part voluntarily and accept the risks described above, as well as risks that cannot be foreseen.
- To the extent the law allows, I release the dive centre, its staff and volunteers from claims for injury, illness, loss or damage arising from my participation, except claims caused by their gross negligence or wilful misconduct.
- I will compensate the organiser for loss caused by my own breach of the rules or deliberate damage to equipment or property.
- In an emergency, the staff may arrange first aid, transport and medical treatment for me. I will pay the reasonable costs that insurance does not cover.
- Nothing in this release limits any liability that cannot be excluded under Indian law, including the Consumer Protection Act, 2019.

Initials

☐ The organiser may use photos or videos of me taken during the activity in its own social media and promotion.

If the participant is under 18

A parent or legal guardian must also fill this section and sign on the participant's line, accepting this release on the minor's behalf.
