What you should know

- The doctor will confirm your identity and may ask for age proof before prescribing.
- A doctor cannot examine you physically online. If needed for safety, the doctor will ask you to visit a clinic or hospital.
- Medicines on the restricted lists in the Guidelines (for example narcotic and psychotropic drugs) cannot be prescribed by telemedicine.
- Telemedicine is not for emergencies. In an emergency call 112 or go to the nearest hospital.
- The consultation may be recorded only with your permission. Records and prescriptions are kept as required by law and protected under the Digital Personal Data Protection Act, 2023.
- Poor connectivity may interrupt the call; the doctor may switch to another mode or reschedule.
